- **High Value Monthly Call Traffic Statistics.** Big businesses invest in call accounting hardware/software and a telecom administrator to obtain voice call traffic information—with POPP, this high value information is included in your monthly report.
- **Clears Confusion and Saves Time.** An inventory of your phone lines and Special Telephone Numbers, each with a personalized description, eliminates confusion and saves you time because you don't need to maintain your own spreadsheet.
- **Emergency Information Accuracy.** This POPP exclusive report provides the current 911 emergency address for each telephone line so you can verify that fire, police or ambulance are dispatched to the correct location when 911 is called.
